

SULLIVAN CONSERVATION COMMISSION
Sullivan Town Hall
April 27, 2022

Present: Wendy Byrn, Roger Sweet, Wendy Pelletier, Chip Woodbury and Becky Cummings.

The minutes of the March meeting were accepted as read – motion by Chip, second by Wendy B.

Cannon Road – Town attorney, Gary Kinyon advised the selectmen the class of the road may be changed without a vote of the town. This is incorrect – it must be voted on at Town Meeting.

It was suggested that perhaps next year we have Roadside Clean-up on Earth Day weekend, when Keene does theirs and promotes “Green Up Keene” via radio and newspaper. It’s hopeful we’ll be able to provide lunch once again next year, too. Chip offered to sing and play guitar at this year’s “picnic lunch” in the church hall. Earth Day posters will be moved from the library to the church for the picnic.

Next year it is hoped we have more Earth Day posters from area kids – hopefully including Nelson School.

Wendy P. asked for suggestions for another walk/hike. Roger suggested going to the Piper Memorial Forest and asking Chris Pratt give a talk about the old school that used to be in that area. It would be a moderate hike.

Members were told to keep their eyes and ears open for people who might be interested in joining the Conservation Commission.

Meeting adjourned at 7:29pm – motion Becky; seconded by Chip.

Respectfully Submitted,

Becky Cummings
