

**SULLIVAN CONSERVATION COMMISSION**  
**Sullivan Town Hall**  
**August 12, 2020**

**Present:** Wendy Byrn, Wendy Pelletier, Roger Sweet, Chip Woodbury and Becky Cummings.

The meeting was called to order outdoors (due to Covid) at the town hall by Wendy Pelletier at 6:30. Chip made a motion to accept the minutes from February, 2020. Becky seconded and all in favor. There was not a quorum to accept them at the June meeting. Meetings have been sporadic because of Covid.

Discussion followed about the hike to the stone chamber and table rock on Sept. 19 (rain date Sept. 20). Meet at 1pm at Henry Drive. Chris Pratt will provide a bit of history along the way.

The logging activity at David Swett's property on Gilsum Road has yet to be cleaned up, with ruts about 5' deep. It was reported Mark Jackson did the work and should be the one to repair it.

Chip recently has some trees removed on his property and the wood chips were dumped in Jewett Park, ready now to be spread on trails, etc.

The Button-up program had to be canceled because of Covid. Alternate programs have been offered via Zoom on the internet. Wendy B. will check to see if there is something on the internet that people can tune into anytime, rather than signing up in advance for the Zoom presentation.

Meeting adjourned at 7:32 pm.

Respectfully Submitted,  
Becky Cummings
