

SULLIVAN CONSERVATION COMMISSION
Sullivan Town Hall
July 24, 2024

Present: Wendy Byrn, Laurie Goldsmith, Chip Woodbury and Becky Cummings.

The minutes of the June meeting were accepted as written.

Chip checked out the trail to Meetinghouse Rock and it's in good shape for the Community/Library hike on the 27th.

Other hike/walk possibilities were discussed, once again thinking of the Bear Dens in Gilsum. Chip will talk to Dave Dauphin and/or Bruce Murphy in Gilsum to see if they may have anything planned that Sullivan might be interested in.

Chip read an Intent to Cut for the Society of Protection of NH Forests for Piper Memorial Forest. Named are Bob Willard as logger and Wendy Weisiger as managing forester with the Society.

Chip suggested members read over selections of the Master Plan that concern the Conservation Commission. It was recommended members make note of items they think should or could be updated.

We're still looking for new members, one full and two alternates.

Meeting adjourned at 7:25pm.

Respectfully Submitted,
Becky Cummings
