

**SULLIVAN CONSERVATION COMMISSION**  
**Sullivan Town Hall**  
**June 28, 2028**

**Present:** Laurie Goldsmith, Wendy Pelletier, Chip Woodbury and Becky Cummings.

The minutes of the May meeting were accepted as read.

The land next to Sherpa's on Valley Road was recently sold and the new owner is having a driveway designed. The Commission will probably get a notice soon about a driveway site walk there.

Wendy B. was not able to make it to tonight's meeting but wondered if the commission might want to sponsor another Button Up program. Those at the meeting thought it would be best to wait a year or two. See if there is may be a different program to promote this year.

She also wondered if there might be someone in town who could lead a bird-watching walk in town. Wendy P. said Milton Trimitsis is excellent with birding and she will ask him if he might be interested.

Wendy B. also wondered if the commission might want to do anything to support pollinators or removal of invasive species. The euonymus (burning bush/invasive) in front of the town hall have been removed and replaced by two Cabernet Splash blueberry bushes. They were purchased at Maple Hill Nursery (\$108) It was mentioned a small pollinator field has been started by the church people behind the horse sheds at the church.

Note was made that the trees in Jewett Park have been cut and that the job is probably complete. The cut was paid for with Conservation funds from the LUCT account. In order to use those funds, Mark Smith (logger) & Kathleen Wheeler (park) were advised a signed contract and certificate of insurance should be on file. Unfortunately, he went ahead with it before providing either one. Wendy will request them again.

With no other business to discuss, Wendy made a motion to adjourn at 7:29; Laurie seconded and all in favor.

Respectfully Submitted,  
Becky Cummings

Not mentioned at last night's meeting, but the total was sent out to members earlier. 340 lbs. of trash (plus 1 tire) were collected at this year's roadside cleanup.
