

SULLIVAN CONSERVATION COMMISSION
Sullivan Town Hall
Sept. 16, 2020

Present: Wendy Byrne, Wendy Pelletier, Chip Woodbury and Becky Cummings.

The August minutes were emailed to all members – there were no additions or corrections. Chip made a motion to accept the August minutes as written; Wendy B. seconded and all in favor.

It was a beautiful evening, although a bit chilly, and the group decided once again to hold the meeting outdoors – taking precautions against the virus. Wendy called the meeting to order around 6:35pm.

This Saturday's hike to the stone chamber and table rock will probably take about 1 ½ hours. Wendy P. reminded members we should get the email addresses of those present at the hike to notify them of future hikes. The committee mentioned it for the hike to Meetinghouse Rock, but evidentially, no one actually took them down.

Members were asked to think about other hikes/walks the commission could host in future months - perhaps a snowshoe hike. Some suggested a snowshoe hike to Meetinghouse Rock, but Becky said that could be very difficult for both adults and children, considering the grade. A tracking hike would be fun for families.

A reminder – the commission still has an opening. People were asked to think about this until the next meeting.

Becky made a motion to adjourn at 7:11pm; Chip seconded and all agreed. Meeting adjourned at 7:11pm.

Respectfully Submitted,
Becky Cummings
