Dear Robert,

The Sullivan Zoning Board of Adjustment, at a public hearing held on May 7, 2024, has voted unanimously to approve your request for a Variance to the Community Planning Ordinance, under Article III, C:5. You applied for a Variance to construct a garage on your property, part of which will be within the 50 foot setback from the road right of way.

You may now return to the Board of Selectmen to obtain a building permit for this project.

Best regards,
